Hi all,

Our agenda on Friday will focus primarily on going issue by issue on the announcements for GCAS. I am including two versions: 1) all the details from the initiatives and 2) slight abbreviated/higher-level version.

The discussion should focus both on **substance** (what can you agree to, agree to with language edits, is a redline) and how much **detail** do we want to present publicly.

Other **ACTION** Items and things

- I'm also attaching the **NWL Challenge** for your review and clearance. Please turn around staff edits to me and Claire no later than **Aug 1**.
- Please let me know who on your staff should have access to the Rhodium Climate Service by **Aug 1**. (see attached)
- WASI has invited you to their Forum on Sept 12 (see attached invite)
- Heads up you will soon need to review NWL and SLCP action plans
- Heads up clean cars announcement might be next week
